Representative on Equality & Diversity Working Party 2009-present

Health & Safety Working Party 2009-present

Principle Executive Committee 2008-present

Any particular knowledge which you feel may be useful for your position of PEC member.

I have worked for HBOS for 20 years and have a good understanding of the how the business works and the policy and procedures which are in place.

I have attended and do attend Group Operations meeting representing not only Accord, but members from this division and have been an active rep for 8 years.

I undertake training to ensure that I can advise and represent members with their needs.

Election Statement

I have represented colleagues within large multi employee sites in 1:1 meetings with the Company and understand the challenges that we all face.

Being a member of the Equality & Diversity Working Party I am able to take issues forward for discussion to this forum, which are then presented to the Company at a National Level.

These policies are built around member's needs, their families and their work life balance, so I have a direct link through the Principle Executive Committee to ensure that these issues remain high on the agenda of Accord and I wish to continue this important work, for you.

I also sit on the Health & Safety Working Party, as member's health is very important to me, and I need to ensure that you can carry out your day to day activities knowing that the conditions that you work in are safe and comfortable.

In order to continue to address your concerns and retain that direct link to Accord through the Working Parties and the PEC, I would like to stand for re-election. In order to do this I need your vote. This will ensure that you continue to have a voice through me.
