Any particular knowledge/experience which you feel may be useful for the position of PEC member:

I am currently a co-optee on the PEC and am a parent governor, since 2008 and previously from 1994 to 1995.

I have worked in a variety of roles, including management, within retail since 1982, and have experience of previous mergers with Leeds permanent, Bank of Scotland and Lloyds TSB.

I have attended the advanced reps course and carried out stage 1 and 2 disciplinaries, and am a member of 2 PEC working parties.

Election Statement

I have been involved with Accords PEC for just two years, and, given the unprecedented events of 2008/2009, believe I am only at the first point in what is proving to be a challenging and uncharted course ahead. I have learnt a huge amount since becoming involved, and feel well equipped to successfully continue the role, representing the part of the business with which I am so familiar, having worked in a Halifax branch for over 27 years, in roles spanning from management (briefly!) to working in a busy banking hall.

Never has it been more important for members' opinions and concerns to be heard at decision-making level, voiced by those who are truly representative of the majority of members, as I believe myself to be.

Whilst Accord continues its commitment to improve the quality of working life for us all, its three main policies, in particular 'Security of Employment' have never been more relevant, and maintaining Accord's excellent working relationship with the company is just as key in obtaining the best possible outcomes on the issues that matter.

Vote for me, and I will work hard on your behalf.
